

Shamrocks

INSTRUCTIONS:

For basic stitching instructions, please see my tutorial at:
<http://www.handcraftedgreetings.com/embartear.html>

There are three layers of stitching on each leaf.

The instructions for each layer are shown on a different leaf. Stitch all three layers on each leaf.

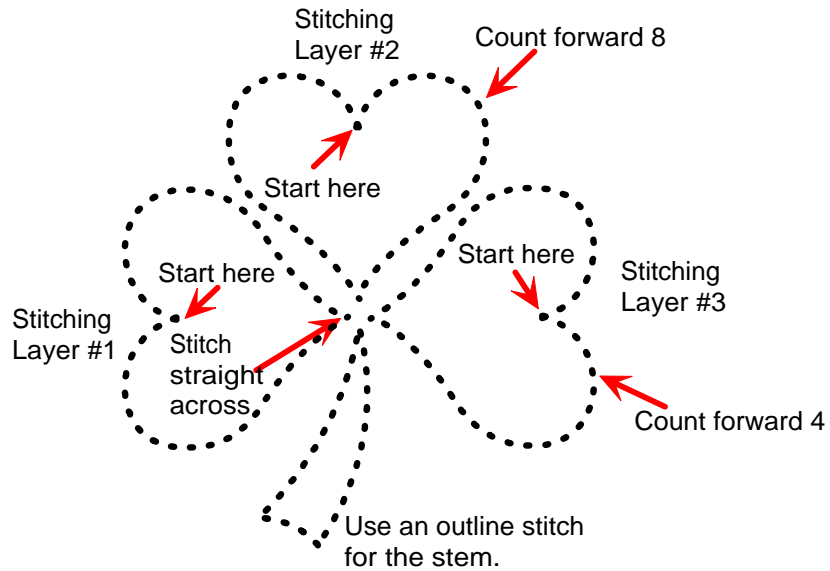

Begin and end each layer at the inside point of the heart.

Work each layer in the same direction (stitch clockwise or counter-clockwise, whichever is most comfortable for you).

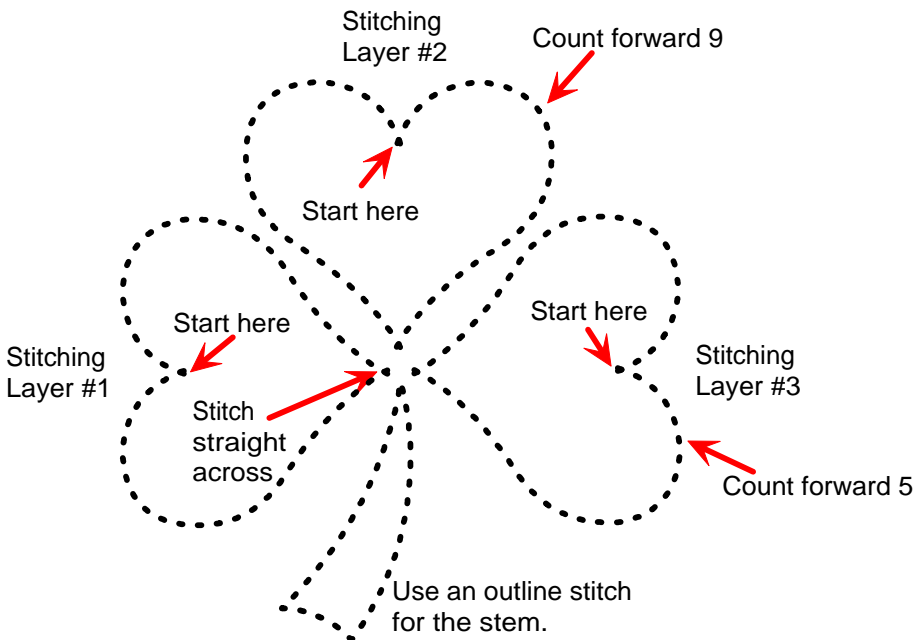

The instructions for the large and medium shamrocks are slightly different because the large shamrock requires a few more holes.

The small shamrock is stitched the same as the medium shamrock.

Medium Shamrock

Large Shamrock

Small Shamrock
